

Decision 01-02-031 February 8, 2001

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Investigation on the Commission's Own Motion
into Mobile Telephone Service and Wireless
Communications.

Investigation 93-12-007
(Filed December 17, 1993)

ORDER CLOSING DOCKET

We hereby close the above-captioned docket since no outstanding issues remain to be addressed in the proceeding. We opened this rulemaking in December 1993 for the purpose of investigating and adopting rules relating to mobile telephone service and wireless communications. A number of Commission decisions have been issued in the docket on pertinent issues relating to regulation of mobile telephone service and wireless communications.

On December 11, 2000, an Administrative Law Judge's (ALJ) ruling was issued providing parties of record the opportunity to be heard concerning whether any outstanding issues remain to be addressed in the docket. No comments were filed in response to the ALJ ruling. Accordingly, we conclude that no further issues remain to be addressed in this docket, and there is no reason for the docket to remain open. Therefore, we hereby close the docket.

This is an uncontested matter. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.
